MEMORANDUM FOR ADDRESSEES

FROM: ACC/A3

205 Dodd Blvd, Ste 101

Joint Base Langley-Eustis VA 23665-2789

SUBJECT: ACC/A3 2017 Aerial Events Guidance

1. This guidance is provided to highlight changes included in the 2017 Annual Aerial Events Message (Attachment 1) from previous 2016 public outreach criteria. It supersedes all previous guidance, same subject, and is to remain in effect until further notice. Ensure applicable USAFWC/NAF/MAJCOM/wing/service/country coordination is complete when meeting the timeline requirements IAW AFI 11-209, ACC Sup 1, Attachment 4, and as referenced below for the submission of aerial event requests for ACC consideration. Late requests will require that the WG/CC or designated representative (no lower than OG/CC/CD) call the ACC/A3-2 to provide a verbal late justification, before submitting a written request.

2. The following criteria applies for USAF support in 2017, subject to SAF/PA Event and ACC Participation Approval.

a. DOD installations and Canadian military bases: Unlimited static displays, flyovers, aerial reviews and aerial demonstrations (e.g. Combat Search and Rescue (CSAR)/Capabilities Exercise (CAPEX)/East Coast Air Power Demo (ECAPD)) are authorized in support of SAF/PA approved military Open Houses.

b. Static display approval: Wing commanders, delegated no lower than operations group commanders, are authorized to approve static display support. Unit OSS will volunteer on the SAF/PA website at <http://www.airshows.pa.hq.af.mil/PublicSite/Index.cfm?fwa=home> upon wing approval. Approval notification required to ACC/A3TA at acc.a3ta@us.af.mil with info copy to USAFWC/NAF for ACC/A3 accountability. Maximum of 5 Air Force assets at one event. A formation may travel in support of static display, but only one aircraft may be displayed if the show has its maximum allotment of static volunteers. The additional aircraft will be parked in the "hot" area away from public display. The F-22 and F-35 are authorized to stay in the static area and count as one aircraft due to security / logistical requirements.

c. Flyover, aerial review and aerial demonstration approval: MAJCOM level approval is required. Level of approval is shown in Attachment 2.

(1) Include within the request the planned training objectives to be accomplished to fly to/from air show.

(2) Follow ACC participation approval guidelines outlined in Paragraph 2d below.

d. Funeral/Memorial Flyovers, On-Base Military Event Flyovers and Aerial Demonstrations (CSAR/CAPEX/ECAPD) will be considered for approval IAW AFI 11-209 ACC SUP 1.

e. For all ACC aircraft participation in aerial events that require MAJCOM approval: Depending on the type and complexity of the submission, approval level ranges from COMACC to A3T. It is imperative that units adhere to the timeline requirements for requests to arrive at ACC. Please ensure proper USAFWC/NAF coordination has been completed prior to request arriving at ACC/A3/A3T for MAJCOM staffing and approval.

(1) Flyover Requests - NLT 7 DUTY DAYS prior to the event.

(2) Aerial Demonstration (CSAR/CAPEX/ECAPD) Requests - NLT 10 DUTY DAYS prior to the event.

(3) Aerial Review (multi-command or service) Requests - NLT 14 DUTY DAYS prior to the event.

(4) AFI 11-209 requests requiring COMACC approval - NLT 14 DUTY DAYS prior to the event.

(5) AFI 11-209 requests requiring HQ Air Force level approval - NLT 20 DUTY DAYS prior to the event.

3. ACC/A3 POC is Mr. Steve Bultman, DSN 575-9271, steve.bultman.1.ctr@us.af.mil.

//SIGNED/scg/13 Mar 17//

STEVEN C. GREGG, Colonel, USAF

Deputy Director of Operations
