

# Air Combat Command INTEGRATED COMMUNITY SERVICES DIVISION

SUPPORTING OUR TOTAL FORCE AIRMEN AND FAMILIES

## PREVENTION TAKES ACTION

Learn new skills to improve your well-being such as self-care and resilience, healthy relationships, meaningful connections, effective communication. Act in ways to show your family and Airmen that you care and they matter. Proactive behaviors can be small things that create a positive culture in mitigating risks.

## RECOGNIZE SIGNS OF DISTRESS

- Mood changes, such as depression or anxiety
- Irritability, agitation or anger
- Sleep difficulties
- Withdrawing from social activities, family, friends or others
- Lack of interest in activities that were previously enjoyed (hobbies, work, etc.)

## ASK CARE ESCORT

Directly **ASK** the individual if they are having thoughts of death, self-harm, or suicide.

**CARE** about their answers. If they hesitate, or seem uncertain, ask follow-up questions to convey that you care about their well-being.

If the individual is having thoughts of suicide or needs help, **ESCORT** them to a qualified professional or leadership.

## GO SLO

If someone demonstrates signs of distress, consider their access to **LETHAL** means including firearms, medications or other means of fatal methods. Airmen should remember **SLO** – use **SAFES**, **LOCKS** or store mean **OUTSIDE** of the home.

**SMALL STEPS SAVE LIVES.**
