Greetings from Father Bob

Chaplain Nash sends blessings

Hide not your talents, they for use were made, What's a sundial in the shade?

Benjamin Franklin

On 24 April, the 432 WG's **Religious Support Team** hosted a **'Launch & Lunch' at Shaw** to introduce their ministry team, deliver Chick-Fil-A, and share a message of resilience with three operational shifts in two squadrons, the 25th OSS & 25th Attack Group staff and dorm airmen not on shift. To provide extra support to dorm airmen, an online Q&A session was conducted to reach all en masse.

**RSTs build connections and make a difference** for those taking care of critical missions **24/7/365!**

The 366 FW/HC Gunfighter team recently partnered with squadron leadership to host a "grab and go" Chick-Fil-A dinner for 350 returning deployers and their family members, along with 100 dedicated first responders and flight line maintainers. Making time to express care and concern while sharing a special meal –esp. when the nearest Chick-Fil-A is an hour drive into Boise-- was a morale-boosting treat. Families could focus on their immediate needs, including online classwork, and not have to worry about dinner. Three cheers for the teamwork at Mt Home!
